ORADELL, NJ, February 6, 2024 – Representatives from Bergen Catholic were honored to help judge a STEM project competition at Academy of Our Lady of Mount Carmel in Tenaflly on Tuesday. OLMC students from the 6th, 7th, and 8th grades created incredible prototypes of inventions that would be used to help better the world, and explained their research and results to a panel of judges.

All of the students did an amazing job, and we were thrilled to meet so many future Bergen Catholic Crusaders who proudly showed off their creative talents! Thank you to the Academy of Our lady of Mount Carmel for helping display the benefits of Catholic School education.

Bergen Catholic High School is a diverse Catholic community that prepares young men to become dynamic global leaders by deepening religious faith, developing academic excellence, and strengthening social consciousness and responsibility in accordance with the Essential Elements of an Edmund Rice Christian Brother Education.
