ORADELL, NJ, March 20, 2024 – Bergen Catholic’s AP Environmental Science class and the BC Green Club visited The Sterling Hill Mine in Ogdensburg, NJ. The class learned about zinc deposits, mining, and famous fluorescent minerals found in the mine. Just another example of the creative teaching experiences our BC students get to enjoy thanks to our great faculty.

Bergen Catholic High School is a diverse Catholic community that prepares young men to become dynamic global leaders by deepening religious faith, developing academic excellence, and strengthening social consciousness and responsibility in accordance with the Essential Elements of an Edmund Rice Christian Brother Education.
